

Across

- 3 Ephraim's \_\_\_ will fly away like a bird.
- 4 Israel is swallowed up(captivity), now she is among the nations like a \_\_\_ thing.
- 7 Ephraim was like a faulty \_\_\_ always missing the target, which was God's glory.
- 9 Though Ephraim built many altars for sin offerings, these have become altars for \_\_\_.
- 11 Whenever the Lord would long to restore His people, their sins are exposed but they do not realize that He \_\_\_ all their deeds
- 13 An \_\_\_ is over the house of the Lord is a picture of the upcoming destruction of Israel (Northern Kingdom) by Assyrians because they have broken His covenant.
- 14 Woe to Ephraim because they have \_\_\_ from the Lord.

Down

- 1 Israel has forgotten his \_\_\_.
- 2 Ephraim mixes with the \_\_\_ and they are like a flat cake \_\_\_ and they are like a flat cake \_\_\_ turned over. (burned on one side and not cooked on the other side, which could not nourish others like what God intended them to be)
- 5 Ephraim was like a dove, easily deceived and \_\_\_ seeking the alliance with Egypt and Assyria (without realizing the danger that they posed) rather than turning to God.
- 6 Ephraim is blighted, their root is withered, they yield no \_\_\_.
- 8 Israelites sow the wind and reaped the \_\_\_. Something worthless, namely idolatry. It may have been a proverb in Israel.
- 10 Even if the Israelites escape from destruction, Egypt will gather them and \_\_\_ will bury them.
- 12 The leaders who were supposed to oppose the ungodliness joined hands with the \_\_\_ and their past kings had fallen and none sought the Lord. (2 Kings 15:10, 14, 25, 30).
